I have been piloting the new language arts program this year, and I am extremely impressed. We now have a Magical Writing Moment component to this edition, which is truly fun and magical! There is more looping of concepts, more writing, and new chapters, which include the planets and our solar system. This new curriculum was truly exciting for my children!

*~ Heidi
Kindergarten Teacher, California*

The Starfall Language Arts Curriculum is truly amazing. Starfall has not only addressed the requirements for [our state's] Academic Standards in Reading, Writing, Science and Social Studies, but they built in engagement strategies so all students would be excited to participate in the lesson.
